Tax Assessor Bullard states that he has received from Controller Croom a list of the lands which were sold last sales day, June, 1902, and also instructions to cut all such lands from tax roll of 1902. There are 333 pieces on this list, which, added to other lands previously stricken from books make 1140 pieces. Mr. Bullard states that he had about completed his books, but these instructions necessitated doing the work over again. He hopes to have them ready by Oct. 1st.

The turpentine operators held their regular monthly meeting here yesterday. There was a slim attendance, owing largely to the fact that many had scarcely recovered from the late convention in Jacksonville.

The Palatka and Welaka base ball clubs will play a match game at the park in this city on Wednesday of next week. A large crowd will be expected to see the game.

Miss Ida Bond left Monday morning for Macon, Ga., at which place she will re-enter Wesleyan College to resume her musical studies. Miss Bond has developed rare talent and promises to become an accomplished violinist.

Mrs. James Greenwood, of Sisco, spent several days in the city last week with friends. Mrs. Greenwood was en route to Coconut Grove, where she will join her husband who is manager of a large plantation at that place.

Miss Emma Cox has opened an office near G. Loper Bailey & Co's, on Front street, where she can be found by all who have orders for stenography and typewriting to execute. Miss Cox is said to be an expert in her chosen profession.

Hoc. John P. Wall, of Putnam Hall, was in the city yesterday. Mr. Wall says that his son has arrived at Seattle, Washington, and appears delighted with the country as well as with the prospects which seem to open for a professional career.

Miss Edith Kupperbusch, of Goodall, went to St. Augustine the first of the week to enter the Catholic academy at that place. She was accompanied by Mrs. L. A. Smith, who, after spending Sunday in St. Augustine returned home on the evening train.

Luther B. Curtis since last spring connected with the drug business of Ackerman & Stewart, left for Crescent City on Tuesday. Mr. Curtis will spend a week with relatives in the Philadelphia College of Pharmacy.

On last Friday evening Misses Imogen and Helen Fearnside entertained quite a number of their young friends at the hospitable home of their parents, on South First street. Many delightful games were indulged in, which shall linger as pleasant memories to all those privileged to attend. Delicious refreshments were served and needless to say, greatly enjoyed by everyone present.

Prof. T. B. Ensinger passed through the city Thursday afternoon from Jacksonville, en route to Winter Park. Mr. Ensinger is connected with Rollins College, and was returning home after a vacation of several months. He is expected to discharge his duties at that well-known institution, which opens for the term about October 1st. The professor was preceded a few days by Mrs. Ensinger.

One day last week United States Deputy Marshal McCormick arrested a negro by the name of Fred Jones in this city, charged with dispensing liquor at Hastings without "Uncle Sam's" permission. Jones was taken to Jacksonville on Monday, where he was examined by Commissioner Archibald and was sent to jail in default of \$100 bond, where he will have plenty of time to think of his troubles between now and the next session of the United States court.

The secretary of the St. Johns River Chapter of the United States News to state that all who anticipate attending the annual meeting of the association at Spring Garden, Volusia county, October 15th, can obtain round trip tickets, good for five days, from Palatka to Deedsburg, Fla., for \$2.50. Trains leave Palatka at 3:15 and 10:30 p. m., and all who come will be met at the station which is one mile east of the church.

J. H. Rickman left Friday for Macon, Ga., from which place he will proceed to Heartpine, state state, to accept a station agent position there. For the past two years Mr. Rickman has occupied the position of telegrapher in the office of the Georgia Southern & Florida Ry., in this city, which he filled creditably. He has many young friends in Palatka who regretted to see him leave, but who wish him lots of success. He will leave in the morning, and will be met at the station which is one mile east of the church.

News has been received here announcing the death of Mr. J. J. Hammond at Florville, Ga., on Sept. 5th. Mr. Hammond was for a number of years a citizen of this city. Later he brought a farm at Francis, this county, where he engaged extensively in agriculture. Some months ago he sold his property to Mr. Jas. H. Perkins and moved to Florville, at which place he has since resided. He was generally liked by all who knew him, being of that jovial, whole-souled disposition which commands esteem, and his many friends in Palatka and Putnam county will be pained to learn of his death. The remains were taken to Yumum, Tenn., the old home of the deceased, for interment.

The Palatka Citizens Band gave another one of their enjoyable concerts at the stand last Saturday evening. Quite a large assembly of appreciative citizens were out to hear the music, which, as usual was well rendered. Palatka's should bear in mind that the band is to run a moonlight excursion to Federal Point, by steamer Crescent, to-night (Thursday) and should accord it the patronage it so well deserves. There will be lots of good music on board the boat, plenty of refreshments, and dancing at Federal Point. That there is a good time in store for those who avail themselves of the opportunity to go goes without saying. The fare for the round trip has been placed at the small sum of 50 cents. Tickets now for sale by members of the band and at Rowton's.

The sample room of Jno. D. Ringham, on Central Lemon street, was entered by sneak-thieves at an early hour Wednesday morning and the money drawer relieved of about \$12 in cash. A quart bottle of apple brandy was also taken. A little after noon Wednesday Chief Hagan arrested a negro, a stranger negro in the city, near the Presbyterian church. The negro had made arrangements to go on a logging boat as cook. Six dollars in money was in the negro's pocket, and a search of his haunts resulted in the discovery of the quart bottle which Mr. Ringham has identified as the one stolen. There was also found a "jimmy" with which the negro had effected an entrance to the bar. Also in the man's pocket was found a jack knife with a broken blade with which he had tried open the money drawer. Justice Rowton committed the negro to jail and will give him a hearing today.

The Guards will have a special drill on Friday night.

Rob't. Jeffords is in the city from Ft. Pierce on a visit to his parents. Mr. Jeffords has had quite a severe attack of fever and came to the city to get some home nursing.

Justice C. I. Rowton has returned from Norfolk, Va., where he went to attend the grand gathering of the order of Red Men as the Florida delegate. The judge reports having had a very pleasant time.

An excursion train of 27 coaches pretty well filled, from Tampa and other points south, passed through Palatka Friday morning bound for St. Augustine. The train was doubly loaded on the return trip.

Sam S. Hafer, a former employee of the Palatka post office, and son of Mr. F. H. Hafer, is still with the army in the Philippines. Mr. Hafer has just received a letter from Lieut. E. V. D. Murphy, Battalion Adj. of the 17th Infantry, in which he states that Sam is the best non-commissioned officer in the regiment and by far the best Q. M. Sergeant he has ever encountered, and that he has bright prospects for promotion.

Death of Chas. Everett Johnson.

Capt. Chas. Everett Johnson died at the residence of his son-in-law, T. B. Anderson, in this city last Friday noon, September 12th. The immediate cause of death was paralysis, though Capt. Johnson had been ill with low fever for some three weeks. Chas. Everett Johnson was born in Fauquier county, Virginia, May 18th, 1824. In 1836 his father and mother with ten children (four boys and six girls) moved to Florida, settling on a plantation in Jefferson county, near Monticello. Of this large family there is now but one sister, Miss Virginia, left to mourn his death.

Capt. Johnson had been a resident of Florida for 76 years, during all of which time and up to 1888, when he came to the city of St. Augustine, he was in the army. He had resided in Jefferson county. He served throughout the entire civil war in the Confederate army of Gen. Braxton Bragg, in Gen. J. Patton Anderson's division. He entered the army as a private in Company E, Third Florida regiment, and by bravery and conspicuous service rose to the rank of captain of his company.

During the four years of his residence in Palatka Capt. Johnson has been a familiar figure upon our streets, and the kind day of St. Augustine old gentleman had made a host of friends who to-day are sincerely mourning the loss of a companion, one whose walk and conversation was invariably such as to reflect an influence for all that is beautiful and upright in life and which tend to blessedness in eternity.

The body was taken to Monticello for interment by the side of his wife who died some years ago. A daughter, Mrs. T. B. Anderson, of this city, and one son, Mr. Charles Scott Johnson, are the survivors.

Mr. Bassett Located.

Geo. W. Bassett the well-known Atlantic Coast Line agent in this city whose disappearance some ten days ago could not be accounted for has been located in Atlanta.

Rev. Dr. Honiker received a telegram Tuesday noon from his son, who is a practicing physician in Atlanta, saying that Mr. Bassett was in that city, and demented. Immediately upon receipt of this telegram Mrs. Bassett, accompanied her son, Dr. Honiker, and they left for Atlanta, where they will take Mr. Bassett in charge, and bring him home.

Yesterday Dr. Honiker received a letter from his son which throws some further light on the subject of Mr. Bassett's disappearance. In this letter to Rev. Dr. Honiker, the son says:

"Mr. Bassett came to my office this morning (Tuesday), and from what I could gather he had been away from home for several days and was anxious to get home. He asked me to have him looked up for fear that he would do violence to some one, and to communicate with you so as to let his wife know his whereabouts. I telephoned the chief of police, and Mr. Bassett's disappearance, and will be well cared for until some one comes for him. He is evidently deranged."

Geo. W. Bassett has been railroad agent at Palatka for the past 18 years. He is a man who has always been high in the community and is popular with the railway officials. His management of railway interests here has been perfect. Mr. Bassett came to Palatka from Tallahassee, his native place.

Temporary Street Improvement.

Capt. Joseph D. Points, councilman from the Third ward, expects to spring a plan of temporary street improvement at the next regular meeting of the council. Capt. Points says that in case the next legislature passes an enabling act which shall remove all possibility of objection to the legality of the recent bond issue, it is more than likely that the bond will still have to be passed upon by the Supreme Court. This will save off the day of their availability as money until a year from next spring, and that is too long a time to think of letting Lemon street remain in its present condition.

His remedy is to improve the street surface temporarily with the same paving material now in use, a job which he thinks can be done for from \$800 to \$1,000. This money would not all be lost, for when the street is permanently paved the old pavement would be utilized for improving other streets. Capt. Points says the city has the money, and it is available for the work.

One thing is certain, the street is about the toughest roadway proposition in the state.

## MALARIA AND YELLOW JACK

(From N. Y. Herald, January 14, 1902.)  
The widow of Dr. Lazear, who, in the supply of the Government sent to Cuba to inoculate with Yellow Fever through mosquito bites, and died, applied to Congress for relief to-day.  
The above tells of the sad culmination of a series of experiments by the Government, all of which proved conclusively that the danger of malaria is a dangerous vehicle for carrying malaria, "Yellow Jack," and other malarial fevers.

Those who are exposed to mosquito or other malarial influences should take Dr. Harter's Iron Tonic. It is the fighting element in the blood and provides nature with sufficient resistance to ward off disease. But if the blood is impure or impoverished, or if there is weakness, it means that the fighting qualities of the blood have been lowered, and consequently there is danger. If you want to escape, keep the blood pure and properly nourished with

## Dr. Harter's Iron Tonic

It supplies the blood with iron in a natural way. It is recognized everywhere as the best blood purifier and tonic in use, and it has been used for half a century.

Houston, Tex., Aug. 1, 1901.  
"I have used Dr. Harter's Iron Tonic myself and in my family for over twenty-five years, and can heartily recommend it. I regard it as particularly valuable to ward off malarial and other fevers."  
J. H. HAYES, Land and Emigration Agent, Frisco, Texas.

GOES TO JACKSONVILLE.

Capt. Walter M. Davis the well-known attorney of this city and only son of Congressman Robert W. Davis, has determined to move his office to Jacksonville, and has already secured quarters in the Law Exchange building opposite the Duval court house in that city.

Capt. Davis has been engaged in the practice of law in Palatka for 12 years, and during that time has acquired a lucrative practice. As an advocate he has won many victories in the courts of this and other sections of the state. In moving his office to Jacksonville Mr. Davis does not propose to neglect the business he has built up in Palatka, but will be present at each term of our circuit court. He goes to Jacksonville with the idea of expanding his practice to work and build up a larger practice, and he has the inducement of many friends in the new field who have urged him to make the change.

Mrs. Davis and the children are still at Seabreeze. They will shortly leave for Jacksonville, and remain here until Mr. Davis gets settled in his work and has opportunity to arrange them a home in Jacksonville.

The news is sorry to lose Capt. Davis from the list of resident attorneys in Palatka, but knowing something of his talents, his thorough knowledge of the law, together with his ability as an advocate, it predicts for him great success in his wider sphere of practice.
